THE attempt to smirch Postmaster MATHEWS and to "oust" ERNIE ORT—the most efficient Clerk in the office—will probably prove a 33° boomerang.

AFTER the drinks, comes the headache; and after the fun, comes the sorrow. Fifteen of this year's graduating class of Cadets at the Annapolis Naval Academy will not graduate. They had too much fun "bazing" earlier in the season.

SOME of those Civil-Service-protected office-holders who are preferring charges against other office-holders might improve their own records by paying their just debts. One of THOMAS JEFFERSON's requirements for an official was, "Is he honest?" It is different now.

THE proposition to place a statue of GOEBEL in the Hall of Fame is made, probably, because he more nearly represents Kentucky politics of today than any other man. Instead of naming HENRY CLAY and GOEBEL, Mr. ALVERSON should insist on BILL GOEBEL and JIM HARGIS. The "brace" would then be complete.

HOLD on there, Paris, Bourbon county! Don't run away from Maysville and Mason altogether with your County Workhouse with its \$2-a-day keeper. We uns are still talking—and still paying a man to stand off and look wise while a few bums pretend to clean some pretended. It costs money; but, Lordy! just look what the taxpayers get for it.

Poor old Cincinnati. Close upon the heels of saloon closing at midnight, comes news of a curtailment of the water supply.

WITH Congress acceding to the demands of the Sand-Lotters and rigidly excluding the Chinese from this country, why haven't the Chinese good reason for excluding Americans from their Empire?

WHAT's the use in abusing Mr. BRYAN for telling the truth? He merely stated a fact when he said at the dinner given him by Chinese merchants at Hong Kong that "the labor party was so strong in the United States that the Chinese workman, skilled or unskilled, would never be permitted to enter." And it was because of this declaration that the Mongolian merchants gave another twist on the boycott screws.

GEE! The German Societies of the United States have provided a \$5,000 "schooner" for Emperor WILLIAM, to be presented on the occasion of his silver wedding. The bowl is 4' 6" inches high and its diameter is 2'. It is made of silver, gold, ivory, bronze and onyx. The base of mahogany is inlaid with 46 kinds of wood, brought from the 46 states and territories. Ye Gods! Won't the "Emp" have "the time of his life" behind this bumper of Budweiser brew?

Timothy Coffin, who was prominent at the Bristol County Bar half a century ago, once secured the acquittal of an old Irish woman accused of stealing a piece of pork. As she was leaving the Courtroom she put her hand to her mouth, and in an audible whisper said—"Mr. Carlin, what'll I do with the por-ruk?" Quickly came the retort: "Eat it, you fool; the Judge says you didn't steal it."

# INDIGESTION'S RECORD

"The best remedy I can prescribe for your indigestion, madam, is Green's August Flower. I know of several other physicians who prescribe it regularly."  
Indigestion is making an awful record as a cause of sudden deaths. It is beating heart-failure in its ghastly harvest. You read in the papers daily of apparently healthy and even robust men being suddenly attacked with acute indigestion after enjoying a hearty meal, and of their dying in many cases before a physician could be called in.  
This should be a warning to you who suffer with regular or periodical attacks of indigestion. If these unfortunate victims of acute indigestion had taken a small dose of Green's August Flower before or after their meals they would not have fallen a prey to such sudden seizures. August Flower prevents indigestion by creating good digestion. It also regulates the liver, purifies the blood and tones up the entire system in a natural way.

### BULLY FOR TANNER!

Commander-in-Chief of the G. A. R.  
Will Not Be Bulldozed

Commander-in-Chief Tanner of the G. A. R., who has accepted an invitation to go to Atlanta and address the reunion of Wheeler's Confederate Cavalry, is deluged with protests from G. A. R. Posts over the country against his proposed visit.

Sheridan Post No. 14 adopted a set of resolutions condemning the purpose of the Commander to appear at Atlanta. When the resolutions were shown to Tanner, he said:

"If anybody thinks I am going to use the office of Commander-in-Chief of the Grand Army of the Republic for the purpose of promoting and continuing ill feeling between the sections of this country, or to delay the advent of perfect harmony, he is most damnably mistaken. I have no patience with the men who are still fighting. In my opinion those who took advantage of every opportunity to fight that was offered in the Civil War got enough then."

"I have small regard for the mental equipment of those who fail to understand that Joe Wheeler, without regard to his course forty-five years ago, has done much to earn the gratitude of his countrymen. Before the War with Spain, when there was a possibility that this country would be involved in a more important struggle than that, Joe Wheeler announced that his services were at the disposal of the War Department. When he was reminded that as the law then stood no former Confederate could hold a commission, his reply was, 'There will be plenty of room in the ranks.'"

"I expect to go to Atlanta."

# OLD VIRGINIA CHEROOTS

## Package of 3 for 5 Cents

(A cheroot is a cigar made without the head)

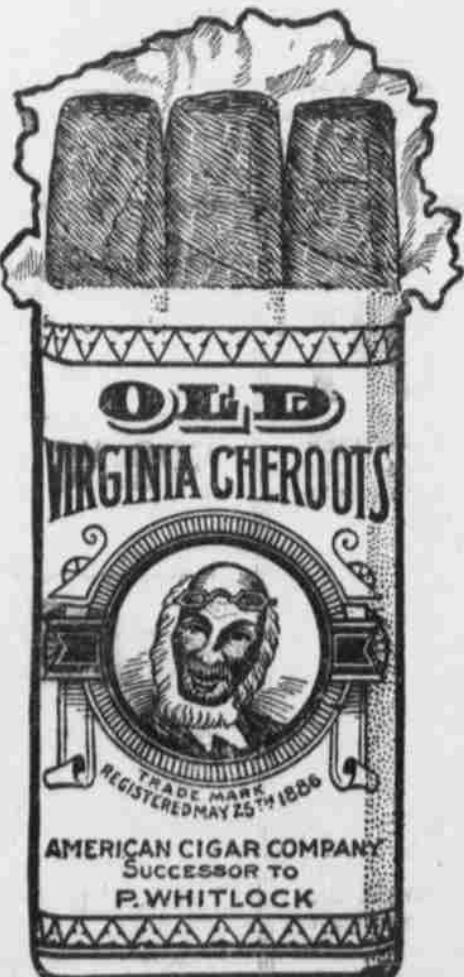

A good part of the cost of a cigar goes into the workmanship.

The "bunching" of the tobacco for the filler takes a little time. The rolling of the filler in the one piece of leaf which is called the "binder," takes a little more time. The cutting and rolling of the outside leaf or "wrapper" takes a little more.

But it is the finishing-operation of forming the "head" that takes most of the time, most of the skill, and costs most of the money.

And yet it's nothing in the world but waste,—for the first thing you do is to clip off that "head" that you have paid your good money for, and throw it away.

If the dealer clipped off the heads of three good five-cent cigars and handed them all three to you for 5 cents, you would call it a bargain;—and that's exactly the kind

of trade you make when you pay 5 cents for 3 Old Virginia Cheroots.

A cheroot is only a cigar with its head cut off—and when you buy three Old Virginia Cheroots for 5 cents you pay the right price for three good smokes, and nothing else.

The filler is made from the short leaves and selected clippings of five choice grades of domestic tobacco—blended to give just the combination of agreeable strength and mild fragrance required to make a good smoke.

Not only a bargain in price, but good. Not only good, but clean. Made by modern processes in the biggest and cleanest cigar factory in the world.

A million sold every day—you can get them at any cigar counter in the country.

Sold wherever they sell tobacco
